

SCDXC Newsletter

The Southern California DX Club is a group of dedicated men and women active in the amateur radio community who enjoy communicating over the air with other radio amateurs around the world.

The SCDXC strongly supports the DX Code of Conduct. Please visit their website:

www.dx-code.org

The SCDXC newsletter is published monthly and released to club members around the first of each month. Amateur and DX related letters, news and pictures are welcome and will be published as time and space permit.

Articles will be republished with recognition of the author and the club. Re-use of copyrighted materials require the original author's permission.

Any questions regarding this newsletter or its articles should be addressed to the Editor, Bill, N6RV at:

n6rv@scdxc.org

Club meetings are held on the second Thursday of the month at 7:00 PM except April, June, and December.

Please check the club web site for events and details at:

<http://www.scdxc.org>

If you are in the area please say hello on our repeater:

Future of SCDXC is in Jeopardy!

The Southern California DX Club has been a fantastic organization for the last 73 years promoting DXing.

Unfortunately, we have not been able to increase our membership and, although we have over 100 members, only a handful participate. A recent example was the picnic, only 10 members/visitors responded they would attend. Three were from the Central Coast and the rest were board members/family.

In November we have our election of new officers. The 6 main positions that will need to be filled are President, Vice President, Secretary, Treasurer / Membership and two directors. In addition, we will need a new Newsletter Editor and Repeater chair.

Board members have been active to get members to step up without success. As painful as it is the board has decided if we cannot fill the open positions the SCDXC will be dissolved with the last meeting in November and the Holliday Party in December.

It is up to you to decide the fate of the club.

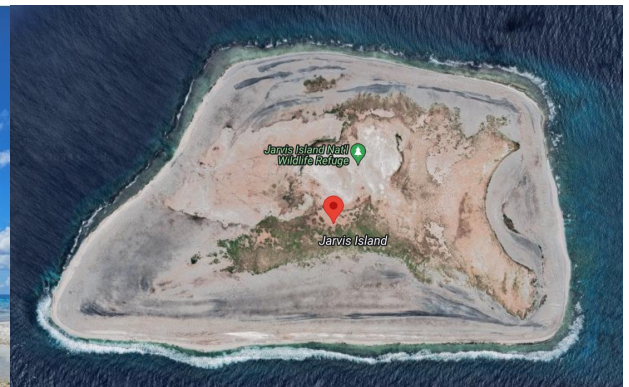

Please consider!

W6FL

President SCDXC

On behalf of the SCDXC Board

(Editor's Note: So far we have one member volunteering to serve on the board. That is not enough!)

From the Desk of the President

Howard Elovitz, W6FL

I want to thank Dennis Kidder W6DQ for an outstanding presentation on EME. The inclusion of live audio and spectrum displays were impressive. Presentation demonstrated what is possible to achieve.

At our July club meeting we discussed methods to increase our membership and attendance. It was a good discussion and I want to thank K6IRD Sharon Spring who will lead a group to call members to encourage their participation. KN6ZZI Warren Myers has volunteered to be an officer for next year and to work on a flyer promoting the SCDXC club.

While it is early in the process, we need to have existing members step up and fill the 6 upcoming open positions for, President, Vice President, Secretary, Treasurer / Membership and two directors. In addition, we will need a new Newsletter Editor and Repeater chair. We currently have a volunteer for Treasurer/Membership and repeater chair.

There is a misunderstanding of ZOOM used for our meetings. You **do not** need a subscription to use ZOOM to view meetings. The SCDXC club has the ZOOM subscription. Clicking on the link in the newsletter will directly connect you to the meeting. We will use ZOOM streaming for **ALL** meetings. This will allow members and guests that are interested to participate.

The bands continue to stay open late; it has been fun working the higher frequencies. While 6 meters has been disappointing. Nice that LOTW is back up and running. The Glorioso contacts and other DX entities have been uploaded.

**Howard, W6FL**

ARRL Southwestern Division Director N6AA Dick Norton

N6AA Dick Norton will speak at our August Meeting. The topic will cover the ARRL happenings.

Dick Norton was first licensed in 1955 as KN2PHF. Initially active on traffic nets and DXing. He is mostly active today on-the-air in contests.

Operating in CQ WW DX Contest from all the 40 zones has given him an opportunity to see the world and meet with amateurs from all corners of the globe.

Dick is currently ARRL Southwestern Division Director as well as president of the Southern California Contest Club. He has spoken at Dayton, Visalia, and other conventions.

Till next month Best of DX.

73 and Good DXing!

Howard W6FL

VP Corner August 2024

John Schroeder, N6QQ

Greetings from John, N6QQ

From the ARRL DX Desk - LOTW is working, but not QSL cards.

The Board reassigned the Logbook of The World® (LoTW®) Maintenance Committee to the newly established Information Technology Advisory Committee (ITAC).

Hello: While the Logbook program is now allowing customers to submit Awards applications, the Awards Department is unable to complete DXCC applications at this time. Logbook and paper applications feed into the DXCC central processing system. The DXCC program is currently offline.

WAS applications, endorsement stickers, and certificates are now being processed. VUCC applications are also being finished. Also of note, the Online DXCC program is not operational yet. Future updates regarding Awards processing are available from the ARRL website at:

www.arrl.org under ARRL Systems Service Disruption.

Jeff and I can still check your QSL cards, but will keep the applications until the DX desk can fix the problem.

73 -- John, N6QQ

DX Standings

Thanks to Chuck, KR6C, Bill, N6WS and Terry, K9TAD who sent in their latest standings. Terry is burning it up. He has worked many many new ones! Chuck worked FT4GL for #1 Honor Roll. We will put it on page 1 when he gets the QSL!

Did we mention we need members to fill the 2025 Board of Directors slate? Are you considering a spot?

If you are a new member please join ClubLog and then sign up for the Southern California DX Club. If you need help email me. Send any updates to:

N6RV@SCDXC.org

SCDXC WAZ and DXCC Standings

The first WAZ column is the confirmed zone count on 10 bands 160 - 6 (less 60 meters). The second column is the regular 5BWAZ confirmed count. The following are the codes that follow the two columns and indicate the awards:

M Mixed
P Phone
C CW
R RTTY

Chart Legend	
White / Green	Entity Worked This Year by a Member
Black / White	Very Active Entity Not Yet Worked
Black / Blue	Entity with Announced DXpedition
Black / Yellow	Rarely Active Entity Not Yet Worked
Black / Red	Inactive Entity
	Deleted Entity

July continued the long run of DX. 20-15 meters were open all night. 12 meters yielded ample DX. Looking at the chart above there isn't much left to work. Certainly we worked nearly everything that has been on the air and, if the ones we miss don't return then there is only a handful left to work. Will we meet 2023 totals? It will not be the propagation that holds us up!

SCDXC Worked Not ClubLog

What Did We Really Work?

This month the reporting improved and people who were on vacation came home. Our numbers are back up. Most notably is the activity on the high bands. They are staying open longer. The low bands are not doing to bad as well.

Who's on 6?

It looks like we picked up 13 new entities last month. Actually it was over the past 2 months. A few were picked up in July.

Did we mention we need members to fill the 2025 Board of Directors slate? Are you considering a spot? If you enjoy reading the newsletter then we need a board or it all goes away.

British Somaliland

Historically, the Gulf of Aden was infested with pirates from both what is today Somalia and Yemen. This forced Rome to put a garrison at what has become Aden in Yemen. Somalia has no natural resources. It's one claim to fame is they were the first to domesticate the camel. In fact, the meat in Somali spaghetti is camel.

Originally, there were three Somalilands, French, British, and Italian. French Somaliland became Djibouti and Italian and British became the Somali Republic. British Somaliland became a protectorate of Britain in the 1800s when an agreement of several Somali clans was signed with the UK. The motivation was to dissuade the Emperor of Ethiopia from attacking them. The protectorate was administered under British India and part of the garrison in Aden were sent to defend it. The British supplied goods and services to the region not crippling control and constraint. They also kept slavery in check.

At the turn of the century a new leader, Hassan, came to power who challenged the British. His followers called the Dervishes. He caused a lot of grief. The British could not subdue him until they tricked his group to congregate and bombed. Hassan did not die there but was rendered insignificant. He died in 1921.

During WWII Italian Somaliland attacked them and, for a short while, they held the territory. At the end of the war Britain held both territories. At the end of the war there was another rebellion led by Sheikh Bashir. He fought a guerilla campaign and humiliated Britain.

In 1960 Britain decided to grant Somaliland independence. This occurred in late June and 5 days later British Somaliland merged with Italian Somaliland to form The Somali Republic.

In 1991 British Somaliland fought a civil war and declared its independence from the Somali Republic. To date it is not recognized but... maybe someday we will have a new DX entity albeit, because of extreme violence, one most would decline to visit.

Amateur Radio Operations

All of the operations were post WWII. It is interesting that operators in that era used dipoles and 85 watts or less. Again, most were British Signal Corps members.

Tid Bits

For Sale:

The You are looking at 3 Monster HF antennas that I just purchased with a tower. **\$3825 obo - or trade for a K3S K4 7610 ?**

I have been asked if I would split up the antennas..and yes I will..If you want 1 or 2,that is fine.
Please see my eBay ad for more pics.

They are all M2 antennas ,which are pretty darn good.
10m = 10M7DX 7 elements on a 45 foot boom ! \$3350 new
15m = 15M6DX 6 elements on a 44 foot boom \$2295 new
20m = 20M5 5 elements on a 44 foot boom. \$2295 new
That's over \$8000 new,plus shipping and tax.

Pickup only in Fallbrook CA...North San Diego County
These look be in very nice condition.

You can download the manuals on the M2 website.
Please see pictures for more details.

Local pickup only in Northern San Diego County CA.
I can be reached through email if you have questions about these fine antennas.

Larry K6RO

2 Rebuilt ? Prop Pitch Rotors - control boxes, power supply, syncro controllers etc **\$1899 ea obo or trade**

I got these 2 Prop Pitch rotors recently with a tower that I bought. That tower also has a prop pitch in it. I do not need two spare rotors, so I will be selling everything as pictured.

It appears to be 2 rebuilt small rotors,2 control boxes by W6IMA ? as per outside of boxes. 2 Heavy duty power supply boxes with cables. 2 Syncro controllers.

I know nothing about prop pitch rotors..in fact, I had never seen one until these were delivered. I did see a rebuilt rotor sell this week for \$2500 alone, and I know Kurt K7NV was charging \$3500 for a rebuilt set ready to go. Maybe someone out there can help me with what I have?

I don't know what they are worth, so I will pick a number to start. I would prefer pickup near San Diego.

Will even trade for something I can use..like a K4, kpa1500 :)

Let's talk,

Larry K6RO

Please see pictures for more details.

Description of Power Factor (W6HB)

Ivan, KB6ATT relayed this heuristic describing real and reactive power. I think it should be added to engineering texts!

Propagation

Do you know that the SFI has not dropped below 150 in 2 months? In fact it has been above 200 for several days. Is this the top? One indication is both hemispheres of the sun are firing at the same time. Sunspots are prolific on both. It is showing the SSN is still increasing. If it continues then we are in for a wild time in 2025!

Looking at the charts we have well exceed the last cycle.
